Dear Friend of SLA,

In September 2019, Science Leadership Academy at Center City (SLA) opened on a newly renovated campus, only to learn that its refurbished space – like that of so many other Philadelphia public schools – was contaminated by asbestos. Now housed in temporary quarters, SLA students and faculty have brought the values of inquiry, research, collaboration, presentation and reflection to life in spirited but cramped quarters. While SLA's commitment to providing students with a rigorous 21st century education remains strong, we are writing to ask for your support. Please consider donating an item or service to our Annual Spring Social and Silent Auction, sponsored by the SLA Home and School Association.

Thanks to your generosity, the SLA Home and School Association has long provided significant financial support for academic and extracurricular activities. Each year, proceeds from the Spring Social and Silent Auction fund class trips, student clubs, sports uniforms, college counseling tools, and special projects. This year, unforeseen expenses related to ongoing facilities issues have made funding key aspects of the SLA student experience both more critical and more challenging.

As a parent, I see the difference every extra dollar makes in the lives of SLA students. I urge you to become an SLA supporter. The SLA Home and School Association is a 501(c)(3) organization and your donation is tax-deductible. Our EIN# is: 61-1513400.

Thank you, in advance, for your consideration and we look forward to your favorable reply!
