

## **Innovate and Inspire: Support SLA's Bloom and Build Auction!**

Imagine a place where innovation meets inspiration, where every student is empowered to explore, create, and lead. That place is the Science Leadership Academy (SLA), a beacon of progressive education in the heart of Philadelphia.

### **Why Your Support is Crucial**

SLA is not just a public high school; it's a community where over 500 students from diverse backgrounds come together to challenge themselves and change the world. Our project-based, inquiry-driven approach has earned national recognition, including accolades from Metro Philly and distinguished partnerships with Apple and Dell.

However, our mission faces a significant funding gap that threatens the unique programs that make SLA special - from our innovative curriculum to our vibrant mini-courses. Your contribution to our auction will help bridge this gap, ensuring every student continues to receive an exceptional Public Education.

By supporting our auction, you're not just giving to a school; you're investing in the future leaders of Philadelphia. You're enabling a generation of students to think critically, work collaboratively, and dream bigger.

### **Join Us in Raising 50K!**

Please let us know of your contribution by April 15. For more details or to discuss how you can be involved, feel free to reach out to: [Daphkins@gmail.com](mailto:Daphkins@gmail.com)

Together, let's make 2024 a transformative year for SLA and our community. Thank you for considering and for believing in the power of innovative education.

With heartfelt gratitude,

*Science Leadership Academy Home and School Association*
